CODE OUT

Event Description:-

Gear up and get ready for an online bout of coding on your favourite coding platform CodeChef and stand a chance to win exciting goodies from CodeChef and also cash prizes from our side. Are you up to the challenge?

Event Timeline and Rules:-

Code Out is a coding contest which will be held on the CodeChef platform. This is going to be an individual contest for the duration of 3 hours in which you need to solve a given number of programming problems. For this event you need to have a CodeChef handle (an account) using which you can submit your solutions. Also please go through the CodeChef Code of Conduct before participating in the event and abide by all the rules.

The link for participation and contest date will be made available later in this region.
