

## STOCK-IT

### **Event Description:-**

“The Stock Market is a wonderfully efficient mechanism for transferring wealth from the impatient to the patient.

~Warren Buffet

The Stock Market Challenge is an online simulation trading game where you create and manage your own portfolio and compete with other players in a risk-free environment. Access financial information on stocks to get better insight on its potential and fundamentals.

### **Event Timeline and Rules:-**

Every challenger is assigned Rs. 10,00,000 play money in the beginning. The objective is to maximize this amount by intelligently and smartly investing in the Stock Market. This Stock Market Challenge is almost as real as it happens on Bombay Stock Exchange (BSE). The practical issues faced when a stock hits a circuit or the illiquidity of a stock etc are all captured and simulated so as to ensure a realistic experience of the markets. The Corporate Benefits as in Dividend, Bonus, Split, Mergers, De-Mergers etc are all also considered and applied.
